Suggestions for further improvement:

The university should focus on the relevant infrastructure first to incorporate state of the art facilities taking learning to the next level. I have graduated in 2017 and since then, I have never heard of the convocation. The above mentioned queries does talk about the inclusion of Alumni's but we are yet to be officially graduated from the university. The university should recruit experienced faculties who focus on practical learning instead of rote learning. I was lucky that in my EVS department we had excellent professors who made learning a fun. But if you want a university to be globally competitive as mentioned in Cuj's site, the university should focus on holistic development.

Ps – 10 years and no convocation. Please look into this matter. Please.

Ps 2 – The University is on a good track and should not deviate it's path. The wrong doings of past 10 years can't be solved in months therefore this current development path should continue. ALL THE BEST ☺

9	The Department administration should take initiative to efficiently enrol and strengthen the alumni-association.					

Suggestions for further improvement:

I think there should be more involvement of alumni and organise time to time alumni meet cum get-together for all batches of CUJ and we deserve a convocation.

Please do the above that would be highly appreciated.

Suggestions for further improvement: My university is a Central University so it don't need any explanation that it is reputed or not. But it needs a lot of improvement like (it need a lot of faculties because they discontinued the B.Tech courses due to the lack of faculties), (my university has a lot of research programe courses thus it need a lot of machinery related to department, we always have to contact other---colleges to complete our projects) , (university is very weak administrative work regarding student works beacuse we have suffer a lot to get bonafide, marksheets, application attested and it makes a lot of mistakes in results which is declared), (hostel capacity is the one of major problems due to which many students has to accommodate near outside the university, this creates a lot of problems for girls specially), (it also doesn't have it any annual fest of it's name, which can help University to become more and more popular), (it doesn't have any clubs related to extracurricular activities which plays a very important role to stand in front of other colleges) etc.....
