## Vice Chancellor's Desk...

It is indeed a matter of immense pleasure that Central University of Jharkhand is commemorating ten years of its establishment. First and foremost, I would like to express my gratitude towards every individual who have remained part of the university and have rendered their services for the development of the university. Within the span of ten years it has become one of the premier institution in the state and has made its mark at the national level as well. The university is effectively serving it's purpose of imparting knowledge to its students, nurturing them to become good citizens and thus making valuable contribution in the national development.

I wish that our university grows more and more and create new and major milestones in the coming years.

Prof. Nand Kumar Yadav 'Indu'

**Prof. S. L. Hari Kumar**  
Registrar

Franklin D. Roosevelt had once said: *We cannot always build the future for our youth, but we can build our youth for the future.* I feel privileged to be associated as Registrar with a University that remains focused and dedicated to the overall development of the youth under its tutelage. Central University of Jharkhand provides innumerable opportunities to all its students to nurture and showcase their talents in various fields.

Our University with its visionary mission has designed an apt platform for its students. We are all seriously engaged in an endeavor to carve a niche for ourselves that is synonymous with excellence. We hope that our students under the guidance of our esteemed teaching fraternity and the far sighted leadership of our administrative staff members achieve success and help the University achieve a coveted position amongst the leading educational institutions of the country.

A handwritten signature in black ink, appearing to read 'S. L. Hari Kumar'.

Prof. S. L. Hari Kumar

**Prof. (Dr.) B.P. Sinha**  
Former Dean, School of Languages &  
Former Head, Centre for English Studies  
Central University of Jharkhand, Ranchi  
B.A. (Hons.), M.A., B.L., Ph.D., D. Litt.

# Message

I am happy to note that Central University of Jharkhand is celebrating ten years of its establishment on 1st March 2019.

Central University of Jharkhand has achieved great heights in the realm of higher education and co-curricular activities during one decade of its existence. The university is bubbling with great potentiality and high quality infrastructural facilities reaching the entire student body through different interventions.

I am delighted to know that a Souvenir is being brought out on this auspicious occasion. I extend my good wishes and warmest congratulations.

Prof. (Dr.) B.P. Sinha

# Message

**Prof. Taposh Ghoshal**  
Chief Executive Officer  
Astra Training Consultants

I wish to convey my warmest congratulations to the Central University of Jharkhand for completing 10 glorious years of success. In the first decade of its existence, it has evolved not only as an institution known for academic excellence, but has blossomed into a great centre of learning dedicated to research, teaching and co-curricular activities aimed at personal and academic development of students and nurturing them to be worthy members of society.

With a brilliant team of faculty and administrative personnel and a friendly academic environment, CUJ has gained the much deserved recognition and fame and has every reason to be proud of its achievements and service to the society.

As CUJ continues its quest for excellence, I wish it all success in its endeavours. Congratulations once again on achieving this memorable milestone.

Prof. Taposh Ghoshal

**Prof. Jeuti Barooah**  
Former Professor, CUJ &  
Former Director, Law Research Institute,  
Eastern Region  
Gauhati High Court, Guwahati

# Message

It is my immense pleasure that the Central University of Jharkhand is completing glorious 10 years on 28th February, 2019. It reminds my association for two years with the University as a Professor in the Centre for Tribal and Customary Law since 15th March, 2013. I served in various capacities like Chairperson and Member of different Committees besides being the Chairperson (in lieu of Dean) to serve the School for the Study of Culture at CUJ.

I felt the solidarity of the faculties coming from different states of India. The serenity of the campus is creating the environment to mould the students spiritually in the temple of knowledge.

I extend my warm greetings and congratulations to all who are sharing the pleasure of every success of this esteemed institution.

Best wishes for the progress and development of the CUJ!

(Jeuti Barooah)

# Message

**Dr. Santosh Kumar Tewari**  
Professor of Mass Communication CUJ  
(from March 2011 to July 2016)

## *A living, growing university*

Rome wasn't built in a day. Universities, which are far more potent than Rome ever was, forever work in progress, evolving every year into something better and more suited to the times they serve.

Indeed, ten years is a very short time in the history of any institution. The CUJ is yet to grow past all its teething troubles. Evolution into excellence cannot happen without overcoming some hardships.

What matters in a university is the quality of its faculty members and students. They are its ambassadors. They bring fame and fortune to the institution. Their research work and contribution to society matter most. In this respect, the CUJ is already doing well. Its alumni are spreading their wings across India and the world. I'm sure many of them will grow into top policy makers, managers, writers, journalists, scientists and academicians of India and play an important role in building our nation.

Dr. Santosh Kumar Tewari

**Dr. Dev Vrat Singh**

Ten years' span is not too long for an institution like a central university, neither it's very short to take it very lightly because initial days help us understand about the future map of any institution. On the occasion of the completion of a decade, we have an opportunity to look back on the journey completed so far and introspect about our strengths and weaknesses as an institution that was established by the parliament of India with an intention to create a centre for higher learning and research in one of the most backward regions of country.

Despite all ups-and-down our university has not only kept moving on but it has also substantially contributed to the educational and socio-cultural environment of Jharkhand. Since its inception, the university has been giving special thrust upon various indigenous, regional and local issues in its research and training activities.

Celebration always helps in rejuvenation and of course, it's time to celebrate for the entire family of the university but along with celebrations, we need to determine our future dreams. Lots of dreams are yet to be realized. As Dr. A.P.J. Abdul Kalam says Excellence does not come by accident. It is a long process, where an individual or organization or nation continuously strives to better oneself. I firmly believe that in the coming decade the Central University of Jharkhand would emerge as the epitome of higher learning not only in Jharkhand but also in the entire Eastern region.

This souvenir is a humble effort of the publication team to document few of the words and images belonging to the journey of our university.

(Dev Vrat Singh)
