URGENT NOTICE

Dear Students,

As you all know that Central University of Jharkhand-Brambe campus is remotely situated, in this case, uptown hostel safety rules, and regulations are being mandatory. Concern students (boarders) are being strictly bound for 'NOT' to move in and out campuses during **7 pm to 5 am**, until and unless having any emergency. It has been brought into the notice of undersigned that several students are arguing with security personnel, and their guards have complained about this issue. This is an advisory notice for all students of this University to kindly cooperate with the security staffs so that any unforeseen incidence could be avoided. Anybody who breaks the rule will be punished as per CUJ norms. However, you can approach your concern warden and seek the permission under any exigency. Though campus is being operational offline recently and management is still in process to issue the Identity card. I hope that all students will follow this safety norm, and expected to have good gesture from every student.

(Dr. Manoj Kumar)
