

Centre for Water Engineering and Management celebrated Engineers Day on September 15, 2017. Sir Mokshagundam Visvesvaraya, known as Sir MV had a flair for complex engineering problems and nation building. It is to honour his achievements and contribution towards the country that India celebrates Engineer's Day on his birthday, 15 September. All the students of 5 years Integrated M.Tech, Two years M.Tech in WEM and Ph.D program were present during the celebration. Prof. H. P. Singh, Dean, School of Natural Resources Management shared the real achievement of Sir MV. Prof. Singh elaborated that Sir MV created automatic sluice gates which was later reused for Tigris Dam (in Madhya Pradesh) and KRS Dam (in Karnataka) as well.

Dr. Ajai Singh, Head, CWEM urged the students to develop engineering skill to solve the real problem which can be used to develop the society. He emphasized the importance of water management in the present scenario. Dr. P. K. Parhi further stated that development of Heerkund Dam and how Sir MV himself was present during the inauguration. Dr. Birendra Bharti requested the students to adopt pragmatic approach and learn to tackle real engineering problems. Mr. Amit Kumar Jha, Research Scholar drew attention of the students towards ancient development in the engineering field and informed the students about Aahar, a water body created near the road. Dr. Ajai Singh thanked all the teachers and students for being present in a very short notice and requested the students to celebrate Engineers Day in a planned manner from next year.
